

CLOUD-BASED WETSTOCK MANAGEMENT SERVICES

Keeping the World Moving

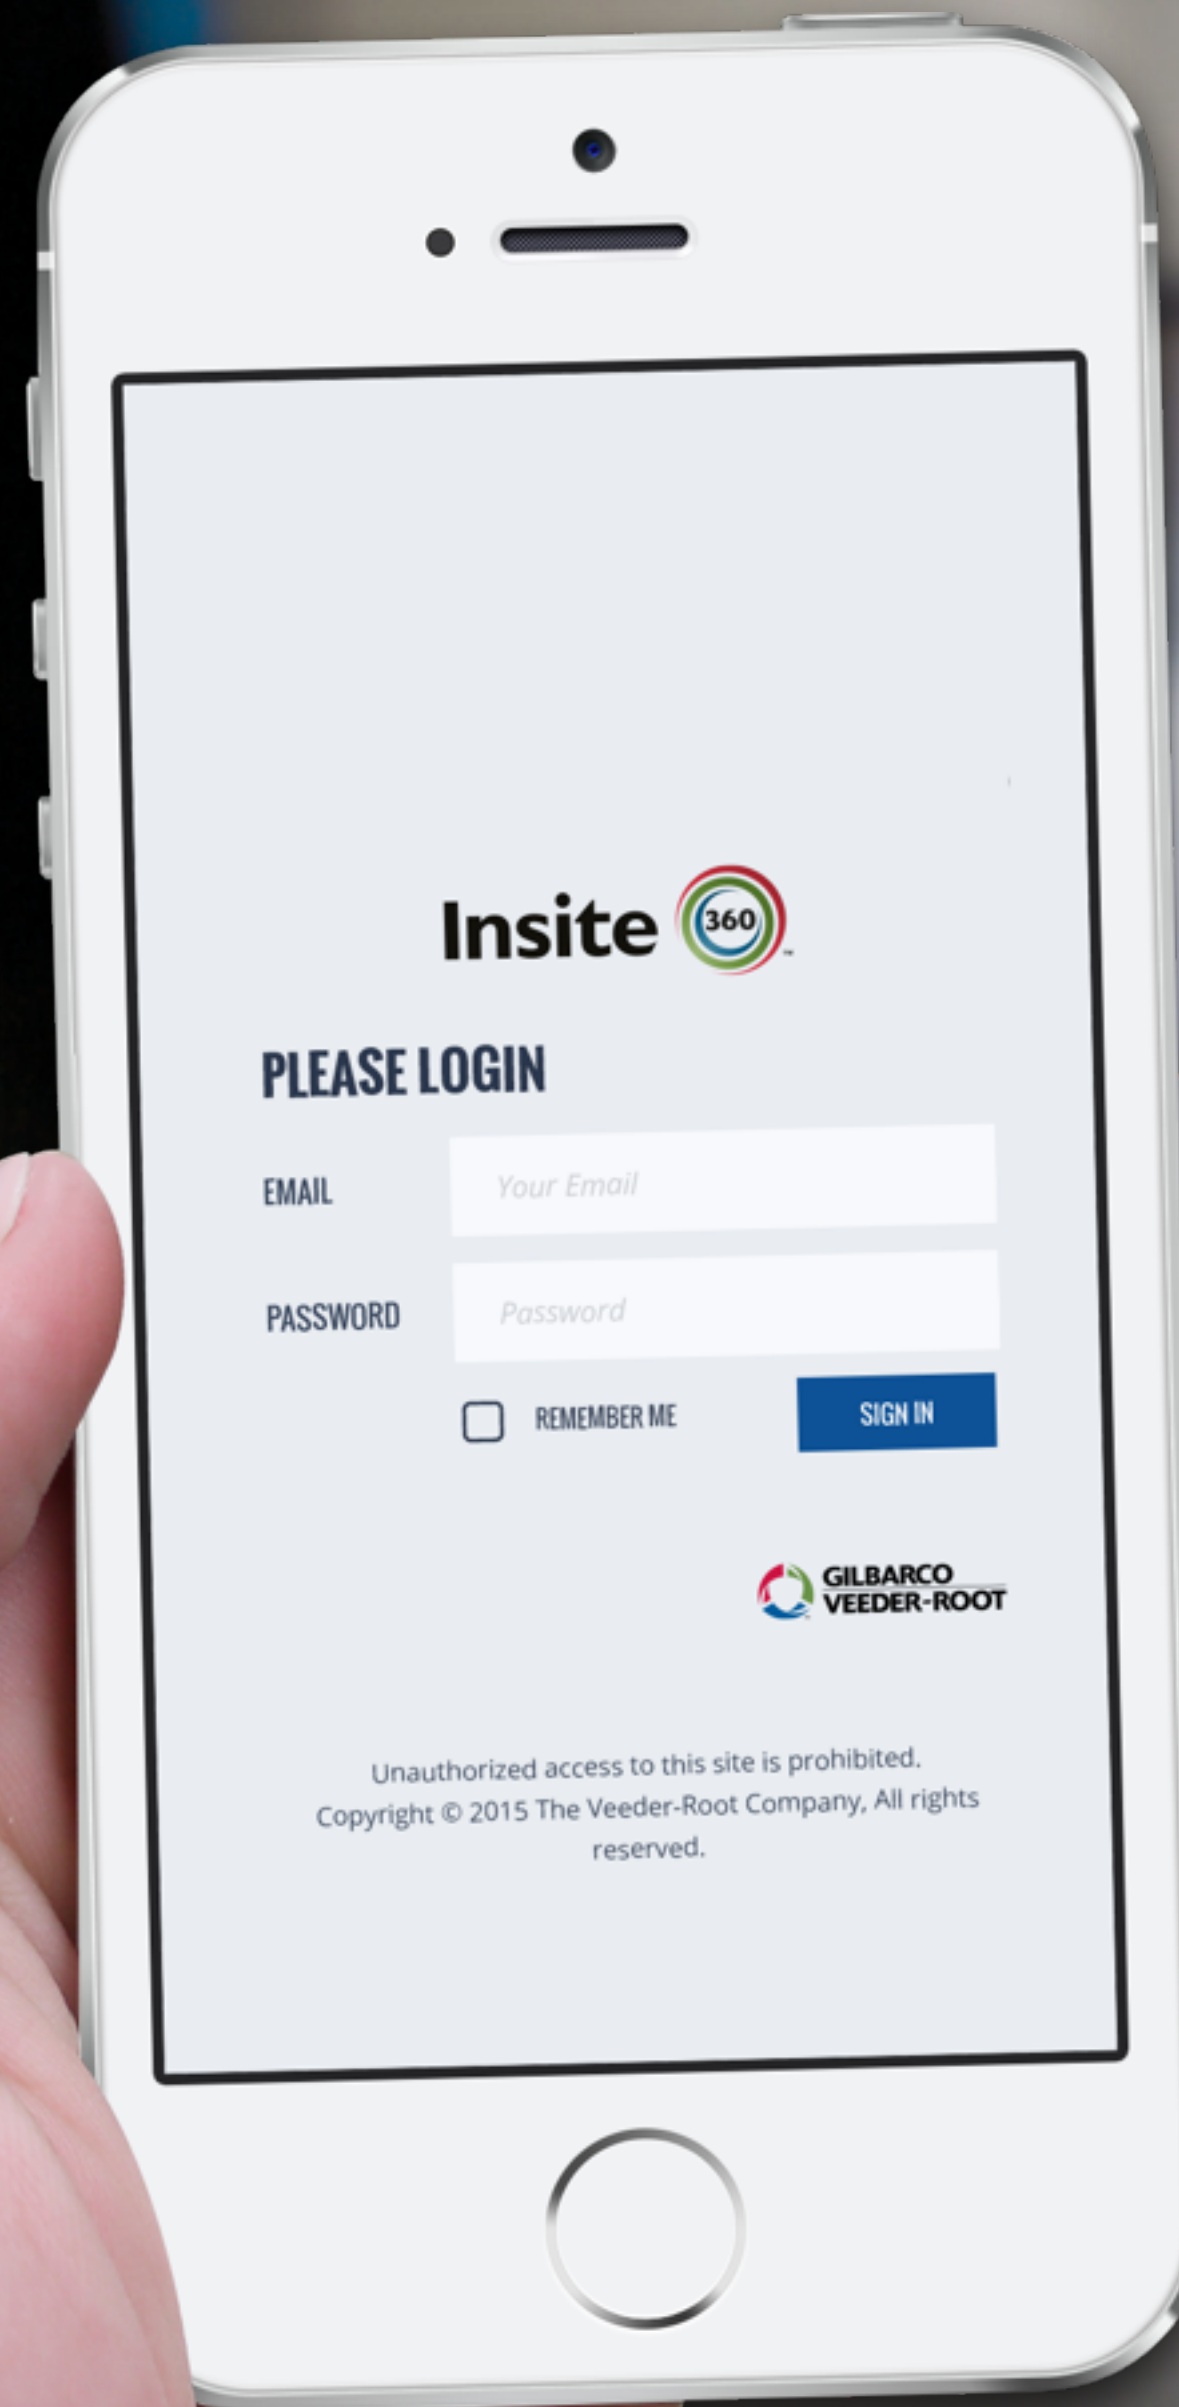

GILBARCO
VEEDER-ROOT

WHAT IS INSITE360?

Insite360 is a next-generation
wetstock management service.

It provides forecourt owners with
a real-time, 360° view of their
most valuable asset across all
sites through a simple and easy
to use service.

HIGHEST ACCURACY DELIVERS SUPERIOR CONTROL

- > AccuChart™, the industry-leading tank auto-calibration, provided in the Cloud
- > Data collected in 30-second intervals
- > Comprehensive reports that can break down the sources of variance

INSITE360 IMPROVES FUEL VARIANCES EVEN FURTHER

- > New improvements deliver lower variances and broader cost-saving opportunities
- > Now easier to identify multiple sources of variance for cost-reduction initiatives
